### **DETAILED ACTION**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Note that claims 1, 2, 4 and 5 are as set forth in applicant's amendment of March 31, 2005 and as amended in the examiner's amendment of November 2, 2005. Also, with respect to claim 1, line 3 the directive in the examiner's amendment of November 2, 2005 should have read "a" second occurrence has been changed to --the--.

The amendment filed February 14, 2006 has been entered in part. Specifically, claims 3 and 6 have been renumbered claims 9 and 10, respectively and entered; while claims 1, 2, 4 and 5 are as set forth in applicant's amendment of March 31, 2005. Claims 7 and 8 are seen to require additional consideration and/or search and therefore have not been entered. The abstract filed February 14, 2006 has been entered. The substitute specification filed February 14, 2006 is improper (see MPEP 608.01(q)) has not been entered.

In claim 3, line 3 "on" has been changed to --one--.

### ***Drawings***

2. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the first and second connector means on the portions of the facemask as set forth in claims 3 and 6 must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Art Unit: 3765

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

### ***Conclusion***

3. This application is in condition for allowance except for the following formal matters:  
See the drawing objections set forth above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
